

CONTAINERIZED RESTROOM UNIT

ISO 9001:2008 CERTIFIED

Each containerized restroom unit features 6 individual restroom stalls, lavatory sinks, hot and cold water, aluminum flooring, a window with screen and removable metal shutters, climate control and interior lighting. Designed from the ground up with field conditions in mind, these units are plug-and-play and can easily adapt to existing municipal water and sewer systems. In areas without infrastructure, tanks can be provided for both fresh water and gray water storage.
